#### **F. T-BALL RULES**

1. Coach starts by giving girls 3 pitches, if the last pitch of the 3 is a foul they get another pitch, if they don't hit after 3 pitches ball is put on the tee to hit
2. Limit two base rule on any ball hit, but, we are trying to teach the girls real softball, so even if you could go to second because obviously the girl isn't going to throw her out, don't run your girls to second every time no matter where the ball is. For example, if your girl hits it to short stop and they throw it to first and she is safe but the 1st baseman is standing there with the ball, don't run her to second. Teach the rules so that they will be ready for the next level. Two base rules on any ball hit. This also means that if there is a two-base rule, the runner on first can only go too 3rd on a hit or over throw. Please make sure your assistants and base coaches know this as well.
3. Announce to the defense team when it is there last batter of the inning but play it normal. In other words, don't run her all the way around because it is the last batter,
4. 6 girls in the infield. All girls in the outfield must start on the grass. Please do not put your infielders in the baseline.
5. Outfielders can NOT make an out, teach them to throw the ball into an infielder.
6. Home team is always in the 3rd base dugout,
7. In the spring, the first half of the season score is not kept, and it is more of a teaching time. League director will tell you when to turn the score board on and when the standings start.
8. Please start from the beginning teaching your girls to throw the ball to bases and not run the ball. Again t-ball is not about winning, it is about developing a knowledge of the game to prepare them for the next level.

9. When it is time to turn the score board on, the home team is responsible to get score and book. Please make sure that person knows the rules and how to keep score.

10. Game time for t-ball is 1 hour and 15 min. Please don't start an inning this time so that games after can stay on scheduled time

11. Rotating players. EVERY player must play the infield in the game. Especially at the beginning of the season they really should rotate one inning infield and the next outfield so that they learn both.
